Cinami 6D

So you think you can handle the Cinami? Come take a ride and feel the thrill that transcends space and time. The most powerful hydraulic technology powered motion platform is sure to take you on a roller coaster ride of your life.

Cinami 6D is one of the most advanced in the industry, employing interactive seats and unique special effects that are built into the theater itself. By creating a set of "6D" effects that are synchronized to the film production, Cinami adds another layer of immersive fun for the audience.

Our special effects are bound to give your senses unparalleled visual grandeur, extraordinary motion simulation and exhilarating entertainment

Our motion base is designed to provide 4 Degrees of Freedom (DOF) viz. moving up and down (heave), moving left and right (sway), tilting side to side (roll) and tilting forward and backward (pitch).

Bluechip's legendary quality and reliability once again comes to the fore with the introduction of 6D Cinami where excitement and entertainment come together. With the latest technology, 6D special effects and finest film content the 6D Cinami is a sure shot mass entertainer.

At Bluechip, we take the issue of safety very seriously. To this end, we have developed and incorporated the highest safety standards demanded worldwide in our system. An automatic hydraulic safety bar built on a foolproof mechanism is part of the system.
